## SUMMARY

Detail-oriented Front End Developer with 3+ years experience working with HTML, CSS, Javascript, React.js, and Backbone.js. Highly adept at both independent and collaborative projects, with an emphasis on landing page and website development.

---

## EXPERIENCE

### UI Developer

#### LogicMonitor

December 2021 - Present, Pune, India

- Wrote code for user interfaces, including interactions, responsive layouts, and styling. Utilised and contributed to the W3DS (Design Standards) to produce optimum user experience.
- Contributed closely with Product Managers, visual designers to deliver wireframes from conception to implementation, and Back-end developers to ensure tested and production-ready UI code.
- Experienced in JavaScript, familiar with the latest syntax (min. ES6), with a proficient understanding of React.js and Backbone.js.
- Practiced in UI development technologies such as HTML, CSS, Redux, and API usage.
- Mentored 3 new interns on team in expanding Javascript and React skillset.

### Software Engineer

#### GS Lab

September 2020 - November 2021, Pune, India

- Designed and developed software using front-end development languages and tools.
- Designed, Implemented, tested and support internal and external APIs.
- Wrote both unit and integration test and developed automation script for API and UI automations using selenium and testng.
- Participated in code reviews to provide constructive feedback to ensure the sue of best practices.

### Software Engineer Intern

#### GS Lab

July 2019 - August 2020, Pune, India

- Researching, investigating and fixing a wide range of technical issues.
- Documenting and testing new software applications.
- Approaching problems and creating solutions while collaborating with senior leaders..
- Proactively learning about new technologies.
